Sub : Approval of rates of PDS items purchased through open auction under OMSS(D) and on NCDEX platform.

Read : 1. G.O. No. FCS 204 DRA 2015, dated : 22-04-2016.
2. Commissioner, Food, Civil Supplies & Consumer Affairs single file No : CFS/PD1/OMSS(D)(6)2016-17.

PREAMBLE :

Vide Government Order read at (1) above, the Commissioner, FCS&CA has been delgated the power for approving the costing sheet of PDS items purchased through FCI at CIP (as pre NFSA allocation), through OMSS(D) auction and through open tenders on NCDEX platform and it has been stated that out of 5 components in costing sheet, 4 components viz., wholesale margin, retail margin, issue price to the card holder and purchase price of commodity are fixed and therefore the 5th component namely subsidy portion to be claimed by the wholesale nominee is simply derived by the other 4 components. It has been stated that the 4th component viz., the purchase price of the commodity is fixed since it is either the CIP for purchases through FCI or the price obtained through the open tender. However, the said G.O. does not specifically specify as to which is the authority for approval of the prices obtained through the open tender viz., OMSS(D) or NCDEX.

Commissioner, FCS&CA vide his proposal read (2) above has sought approval of rates obtained under OMSS(D) auction for purchase of rice and wheat from FCI.

The proposal has been examined. It has been seen that the department has been purchasing PDS items like palm oil, salt and sugar through NCDEX and rice/wheat through OMSS(D) auction from a long time and the rates for the same are also being approved at the level of Commissioner, FCS&CA and on few occasions at the level of Secretary, FCS&CA as well. The department has been approving the rates obtained in the NCDEX and OMSS(D) auction based on the indicative rates for these items considered and approved at the stage of approval of budget of the department. For example, the subsidy towards purchase of palm oil has been calculated at purchase rate of ` 60/- per litre in the approved budget of the department for 2016-17.

Accordingly the department has been approving the rates obtained in the NCDEX auction, since, the rates obtained in the auction are nearer to the budgeted figures of ` 60/- per litre and the overall purchases are within the approved budget. Similarly purchases of other PDS items are being made through transparent tendering process at the rates which are nearer to approved rates for calculating the subsidy requirements of the department in the approved budget. Further the department has also taken expressive approval of the competent authority when the rates have increased far above the budgeted figures as was done in the case of the sugar, when the procurement rates increased the budgeted figure of ` 30/- per kg. Similarly, when the department introduced the double fortified salt in place of iodised salt, the approval of the competent authority was taken for the additional budget requirement by projecting approximate additional cost for procurement.

Though the process described above has been in practice in the department and the approval of the rates has been given by the HOD at their level itself, but on few occasions, like the one at reference read (2) above, the Commissioner, FCS&CA, has been seeking the approval of rates of Government. Therefore, in order to bring the uniformity and clarity in procedure, the following Government Order is issued.

GOVERNMENT ORDER NO : FCS 59 RPR 2014, BENGALURU, DATED : 15-06-2017.

In view of the preamble above, it is hereby clarified that the rates of PDS items obtained in OMSS(D) auction for rice/wheat and in NCDEX auction for other items, can be approved by the Commissioner, FCS&CA, provided the rates are nearer to the rates i.e., either slightly higher or lower, to the rates considered for calculating subsidy requirements of the department in the approved budget as long as the overall subsidy burden remains within the approved budget of the department.

The Commissioner, FCS&CA shall however submit the proposal to the Government for approval of the rates if the rates obtained in the tender are far above the rates considered for calculating subsidy requirement of the department and the total subsidy requirement is likely to exceed the approved budget.

These orders are issued with the concurrence of Finance Department vide their Note No. FD 1128 Exp-5/2016, dated : 14-12-2016 and Note No. FD 641 Exp-5/2017, dated 14-06-2017.
